

COURSE REPORT OF

The Third Country Training Programme on

MICROFINANCE FOR AFRICAN REGION: "MANAGING MICROFINANCE INSTITUTION"

Jakarta & Bandung, 10 - 21 October 2011

An Executive Summary of Course Report on Third Country Training Programme on Microfinance for African Region: Managing Microfinance Institution

NAM CSSTC has signed Minutes of Meeting with Japan International Cooperation Agency (JICA) on 13 September 2007 concerning the Third Country Training Programme on Micro Finance for African Region – Batch II, to be implemented for five consecutive years (2007-2011).

The first batch (2004-2006) focused on the operations of microfinance, and the second batch (2007-2011) focused on the institutional set-up and management for microfinance development. This Report is made for the fifth year of the second batch, that had been conducted on 10-21 October 2011 in Jakarta and Bandung, participated by 11 representatives from Ethiopia (3 persons), Kenya (2 persons), Namibia (3 person), and Uganda (3 persons). The participants of the programme comprise of policy makers and practitioners where they could share common issues with different perspectives.

The Course was intended to provide participants from African countries with an opportunity to improve their knowledge and techniques in managing microfinance institution (MFI). In order to enrich the discussion, a Japanese expert (Mr. Kazuto Tsuji) was also invited to share the subject of Financial Inclusion through the Promotion of Microfinance. At the end of the Course, participants were expected to have improved and upgraded relevant techniques and knowledge of: (a) applying appropriate method in managing MFI operations either they are conventional-based or shariabased; and (b) enhancing the capabilities to develop MFI products and learn the different experiences of other countries.

The Course subjects were more focused on practical aspects of microfinance development based on two different operational schemes of Sharia Rural Bank and Conventional Financial Institution (Cooperative). Filed visit activities were also conducted at the two different financing schemes in Bandung. The two different MFIs observed by participants are the fast-growing Sharia Rural Bank (BPRS) of Al Ma'soem and the most developed Conventional Financial Institution of Kospin Jasa Cooperative. Those two MFIs provided participants with practical knowledge of microfinance development. The participants also observed the two MFIs' members and clients; how the members/clients/entrepreneurs manage their small enterprises by using microcredit from the two MFIs.

Built-in topic and overall evaluations were also conducted by using JICA's templates and another format prepared by NAM CSSTC (called as check participant's expectations). This NAM CSSTC format was intended to cross-check whether the participant's expectations expressed before the training session started were met or not met after the overall training subjects had been thoroughly discussed.

Results of the evaluation could be summarized as follows:

1. Concerning Topic Evaluation:

There are two topics/subjects get the highest score, namely (1) the Financial Inclusion through the Promotion of Microfinance by Kazuto Tsuji (4.55); and (2) MFI Network and Strategic Alliances by Nagwa Kamal (4.55). The lowest score is for Basic Operation of Rural Bank by Werry Buswir (4.06).

Following is the detailed result:

No	a1	a2	b1	b2	b3	b4	Score	Relevance	Efficiency	Name
1	4,7	4,5	4,9	4,9	3,7	4,5	4,55	4,59	4,52	Tsuji
2	4,4	3,9	4,5	4,4	4,5	4,6	4,36	4,14	4,48	Tulus-1
3	4,5	4,1	4,3	4,4	4,5	4,6	4,41	4,32	4,45	Tulus-2
4	3,6	3,8	4,0	3,9	4,5	4,7	4,11	3,73	4,30	Eriyatno-1
5	4,5	4,2	4,3	4,3	4,7	4,6	4,42	4,32	4,48	Eriyatno-2
6	4,3	4,1	4,3	4,4	4,5	4,3	4,29	4,18	4,34	Eriyatno-3
7	4,2	4,2	4,3	4,3	3,5	4,2	4,11	4,18	4,07	Werry-1
8	4,3	4,1	4,3	4,1	3,9	4,3	4,15	4,18	4,14	Werry-2
9	4,2	4,1	3,9	4,2	3,7	4,3	4,06	4,14	4,02	Werry-3
10	4,5	4,1	4,3	4,2	4,4	4,5	4,32	4,27	4,34	Werry-4
11	4,6	4,4	4,5	4,5	4,5	4,5	4,50	4,50	4,50	Nagwa-1
12	4,5	4,5	4,5	4,5	4,7	4,5	4,55	4,55	4,55	Nagwa-2
13	4,5	3,7	3,6	4,1	4,9	0,0	4,16	4,10	4,20	Visit BPRS
14	4,6	4,3	4,2	4,3	4,6	0,0	4,40	4,45	4,36	Visit BMT
Ave	4,39	4,13	4,26	4,31	4,34	4,48	4,31	4,26	4,34	

Regarding level of understanding, application, training materials, methodology, time given, and facilities, average score is upper than 4.0 ranging from 4.13 to 4.48, of the maximum scale 5.00.

2. Concerning Overall Evaluation:

The highest score for the overall evaluation is the Effectiveness and Efficiency of the course implementation (4.55). Another interesting issues are that the knowledge on the different schemes of conventional and sharia (b1b), the study visit (c2), the course timing (c3) and time plan (c4) reached the highest score (4.60). The rest score is ranging from 4.30 to 4.60 of the maxium scale 5.00.

Following is the detailed result:

No	a1	a2	b1a	b1b	b2	c1	c2	c3	c4
1	4	3	4	5	4	3	5	5	5
2	3	2	3	4	4	1	4	3	4

	4,	45	4,55 4,				55		
	Total Score					re		40,7	
					Fi	nal Scor	e		4,53

3. Concerning Check Participant's Expectations:

Participants were asked to fill-out the prepared form to explore their expectations before the training session started. On the last day their expectations were disclosed and openly discussed among themselves to check whether their expectations were met or not met. There are five parts of the expected results, namely: (a) on the general knowledge related with microfinance development (91% met); (b) on the operational management of microfinance institution (91% met); (c) on the relation of the substances delivered in the session to African country's interest (100% met); (d) on the possible application of knowledge and experiences shared in the session to African microfinance development (100% met); and (e) on other expectations (90% met). The final result (average of the five parts) was that they satisfied with the Course as their expectations are almost perfectly met (94.40%) in accordance with the Scale of Assessment on Expectations which is: 0%-25% met is Failed, 26%-50% met is Sufficient, 51%-80% is Good, and 81%-100% is Satisfied.

Following is the detailed result:

'	The policy and technical aspects are important to economic	v					
	growth and development. (Zack M. Mukewa, Kenya)						
5	The regulation of MFIs (deposit taking) is new in my country.						
	Therefore the policy issues relating to the regulatory						
	framework will go a long way in understanding practices in the			\mathbf{v}			
	countries especially where MF is more developed. (Benard						
	Muciri Njiru, Kenya)						
6	What can Namibia learn from countries expose to MF policies that respect the theoretical policies government needs to put in						
	place to sustain availability of resources, discipline and	v					
	management. (Lorna Peyavali Mbwale, Namibia).						
7	To gain more knowledge on what type of good strategies to be						
	put in place for MF good governance. (Nangula Elizabeth		v				
	Foibe Angula, Namibia).						
8	To learn current regulatory policies of others countries related						
	to MFIs. Technical expertise from other countries how best the	v					
	programme can be applied in Namibia. (Augustinus Ucham,	'					
0	Namibia)						
9	Able to follow up the policies and come up with a proper policy that can apply in my country. This will help to improve						
	MF sector since there has been no policy restricting financial		v				
	institution. (Sylivia Katusiime, Uganda)						
10	To be able to pick up on those aspects and features from other						
	countries that maybe suitable for Uganda's own policy and	v					
	regulatory framework. (Alan Mugume, Uganda)						
11	I expect to note the differences in policy and technical aspects						
	of MF in other places in order for me to suggest the inclusion		v				
	of the same in our country if they are applicable (Frank Fred						
IV	Kirungi, Uganda) POSSIBLE APPLICATION OF KNOWLEDGE AND EX	DED	IENI	CES	CLI A	DED	INI
1 V	THE SESSION TO YOUR COUNTRY'S MICROFINANCE						111
1	The above expectations will totally be applied in my country.						
	(Sintayehu Desalegn Ossa, Ethiopia).		V				
2	How SME organize & recover their loan properly; How MFI						
	sustain (independently) with taken Donor from third body;		***				
	How exchange information in Credit Information Bureau (CI).		V				
	(Jarsa Jabulo Ujite, Ethiopia)						

		ı	1	1	1	1	
3	I would expect to acquire a knowledge of experience as to						
	different types of operational & regulatory managements of			v			
	MFI that could enhance the development of MF in an			,			
	effective manner. (Frehiwot Tefera Atalay, Ethiopia)						
4	MF Project Management; MF regulation & Risk Management						
	are all important in my area of responsibility and interest.		v				
	(Zack M. Mukewa, Kenya)						
5	Appreciate other models used in the regulation of MFIs; Learn						
	ways in which the MF industry can be promoted to enable		v				
	further growth of the sector. (Benard Muciri Njiru, Kenya)						
6	Strong political commitment to learn from other countries on						
	how government handled financial instruments and inclusions						
	by developing emerging socio-economics; How do educational	v					
	institutions affect the implementation?; Good practices in MF.	·					
7	(Lorna Peyavali Mbwale, Namibia).						
/	Implementation of MF scheme that will benefit the rural						
	communities; How best Namibia can implement the		v				
	programme, especially funding control. (Nangula Elizabeth						
-	Foibe Angula, Namibia).	-		-			
8	Proper implementation of MF; Apply knowledge gain from						
	training in Namibia and improve applications there off.	V					
	(Augustinus Ucham, Namibia)				<u> </u>		
9	Through sharing experience SACCOS (MFI) will be						
	encouraged to do more of savings through mobilization than		v				
	credit and its institution to grow to meet our expectations.		ľ				
	(Sylivia Katusiime, Uganda)						
10	To present the final report from this training to MF						
	stakeholders back in Uganda. Stakeholders can then debate		***				
	aspects of the report so as to come up with a common vision		V				
	on the way forward. (Alan Mugume, Uganda)						
11	I expect to get practical illustration and real life experiences						
	from this training for easy application when i go back to	v					
	Uganda. (Frank Fred Kirungi, Uganda)						
V	OTHER EXPECTATIONS						
1	The special nature & MFIs that should considered regulating						
	and supervising them; How the poorest of poor can be			7.7			
	included or get access to finance. (Sintayehu Desalegn Ossa,			l v			
	Ethiopia).	<u>L</u>	<u>L</u>				
2	How MFI supervised & by how many times a year; About						
	getting loanable fund for beginning MF (especially);						
	Approaches of MFI; Fully information of mobile banking.			V			
	(Jarsa Jabulo Ujite, Ethiopia)						
3	I would expect that the programme will create an opportunity						
	to exhaustively discuss & share experience of different	v					
	countries. (Frehiwot Tefera Atalay, Ethiopia)						
4	Having experience from other organizations and countries						
	participating. (Zack M. Mukewa, Kenya)	V					
5	Acquire knowledge on other supervisory techniques applied in			<u> </u>			
	Indonesia and other countries; Exchange ideas and experiences						
	with other participants; Techniques for establishing and	V					
	managing MFIs. (Benard Muciri Njiru, Kenya)		1	1			
6	Dissemination of information to relevant stakeholders;						
	Inclusion of the rural poor in the decision making processes.	V					
	(Lorna Peyavali Mbwale, Namibia).	-		1			
7	I would like to know more about the tools used to evaluate the				v		
	impacts after the implementation of MF; Good example	1	ĺ		1		

	should I learn on how to better control MF programme in case of funding applications. (Nangula Elizabeth Foibe Angula, Namibia).						
8	I will like to learn clear directives of MF management; Techniques how to manage and improve MFI; How best to select projects that will be beneficial to our communities; Possible challenges of MF management; How Namibia can benefit from this programme; Have detailed action plan on MF for Namibia after this training. (Augustinus Ucham, Namibia)		V				
9	Touring Jakarta as one of the cities of Indonesia and see other development other than MF; Share knowledge and experience with the locals for example Bandung. (Ms. Sylivia Katusiime, Uganda)	v					
10	None (Mr. Alan Mugume, Uganda)						
11	Certificate of participation; Experience sharing; Visit some places in Indonesia before I go back home (important sites). (Frank Fred Kirungi, Uganda)	V					
Total		21	24	6	3		
			51			3	
Perce	Percentage		94.4			0.6	

4. Feedbacks:

There some important feedbacks -- expressed in the last session -- from Mr. Kazuto Tsuji (JICA Tokyo), Ms. Frehiwot Tefera Atalay (Ethiopia), Mr. Zack Mukewa (Kenya) and Ms. Lorna Peyavali Mbwale (Namibia), as follows:

- 1). Most of the trainers have done good jobs. However, they are not aware of African country situations. The trainers should be encouraged to participate in the presentation of country papers. Or at least the trainers have chance to read all country papers before they make presentation. Hopefully the trainers could adapt their substances by referring the African context.
- 2). There is an overlapping substance presented by the different trainers on the 'regulatory frameworks'. Ideally the trainers made coordination at ealier stage or every trainer got other presentation materials.
- 3). Trainers sometime could not elaborate into details on the specific issues asked. It might be caused by insufficient capacity to master the topic or language problem.
- 4). 'Back Home Plan' prepared by participants need to be distributed to the stakeholders concerned, not only to be kept by participants themselves nor by the Committee.
- 5). Different cultural background between Asia and Africa should be taken into account in facilitating the programme activities.

1. INTRODUCTION

The Government of Japan and the Government of Indonesia have cooperated to organize training course in the field of microfinance under JICA's Third Country Training Programme, with the target being twelve persons from four African countries, namely Ethiopia, Kenya, Namibia, and Uganda.

Microfinance has evolved over the past 30 years. Its origins are found in the development projects that experimented with subsidized credit in the 1950s. These credit programmes sought to increase the productivity and incomes of small and marginal entrepreneurs. Most failed. Subsidized loans depleted the capital lending institutions and loans were often not repaid. The funds did not always reach the poorest people, but remained in the hands of more prosperous, larger scale entrepreneurs.

More viable experimental programmes appeared in the 1970s. Unlike subsidized lending, they insisted on repayment of loans and they charged interest to cover their costs. There at least two pioneer programmes have been professionally managed by Grameen Bank which provides tiny loans to groups of poorest women in Bangladesh and BRI (Bank Rakyat Indonesia) which provides micro to medium loans for individuals of the working poors in both urban and rural areas throughout Indonesia.

The financing scheme is based on principles of mutual trust and responsibility. Now, through a range of microfinance products, the poor people of the world can build their assets, have stable access to food and other necessities, and protect themselves against risk. Hence, microfinance gives millions of urban and rural men and women an opportunity to find their own solutions. Within this spirit, the Government of Indonesia and JICA are conducting this training on microfinance.

The course is held once a year in Indonesia, from Japanese fiscal year (JFY) 2007 to 2011, subject to annual consultations between both Governments. The Course has been conducted in accordance with the followings.

Course Title	Microfinance for African Region consisted of three sub-courses on (1) class session for delivering basic knowledge on microfinance development; (2)								
	field session in two different operations of MFIs dealing with conventional and sharia schemes; and (3) learning how microfinance to support SMEs								
Goal	Participants able to prepare future plan of microfinance development in their respective countries.								
Purpose	To provide participants with an opportunity to improve their knowledge and technique in the field of microfinance, especially in establishing and managing microfinance institution (MFI). The training will provide participants with an opportunity to exchange ideas, information and experiences among them.								

Objectives	At the end of the course, the participants are expected to have; 1) knowledge on the establishment and management of MFI; 2) experiences in racticing the operations of two different MFIs (conventional and sharia) 3) been aware of linkages of microfinance and SMEs development 4) future plan on microfinance development in their respective countries							
Outputs	1) Understand on the establishment and management of MFI 2) Understand the basic different of conventional and sharia schemes 3) Understand the linkages of microfinance and SMEs development 4) Back Home Plan							
Sub- course	i. Class session for delivering basic two different operations of knowledge on microfinance ii. Semi-apprenticeship in two different operations of MFIs delaing wth microfinance conventional and sharia

2. FISCAL YEAR 2011 COURSE CONTENTS

2.1. Curriculum Development

Since the TCTP is part of series of similar trainings conducted in the past years, NAM CSSTC benefited from feedbacks expressed and written by ex trainees. Discussions with competent experts in microfinance from different institutions, either Government agencies or NGOs were made to enrich future plan on the training curriculum. NAM CSSTC then asked the central bank of Indonesia (BI), relevant centres of the leading universities concerned with community development (IPB, Usakti), Microfinance

Innovation Centre for Resources and Alternatives (MICRA) and the successful MFI (BPRS Mentari) as the training partners to develop the available curriculum. Based on the past learning experiences, the Draft was formulated to accommodate more practical exercises rather than theory. Basically curriculum comprises of: (1) classroom-based lectures carried out from 10 to 14 October 2011; (2) MFIs & clients-based exercises carried out from 17 to 18 October 2011; and (3) classroom-based participatory summing-up of the learning process carried out from 19 to 21 October 2011. Proportion of lecture, practice, and field study is as follows:

Method		Local Instructor	Japanese Experts	Joint Work
Lecture	35 %	95 %	5 %	0 %
Practice	35 %	100 %	0 %	0 %
Field Study	25 %	100 %	0 %	0 %
Others	5 %	0 %	0 %	0 %

Field study was designed to serve each output, with details as follows.

Duration	Visiting Place	Objective of Visit	Relation to Subject	Relation to Output
1 day	Kospin Jasa	Understanding conventional MFI establishment and operations	Case of Cooperative: Historical background and its current development	Output 1
		Understanding operational aspects of conventional MFI	Exercises on operational aspects (marketing & supporting activities)	Output 2
		Understanding linkages of microfinance and SMEs development	Field observation to the successful Cooperative's members	Output 3
1 day	BPRS Al Ma'soem	Understanding sharia MFI establishment and operations	Case of Sharia Rural Bank: Historical background and its current development	Output 1
		Understanding	Exercises on	Output 2

operational aspects of sharia MFI	operational aspects (marketing & supporting activities)	
Understanding linkages of microfinance and SMEs development	Field observation to the successful Sharia Rural Bank's clients	Output 3

2.2. Course Management

The implementing agency finalized the General Information (GI) upon refined consultation with JICA Indonesia Office and Ministry of Foreign Affairs as well as State Secretariat on 4 July 2011. The GI was distributed to the diplomatic channel in each participant country through Ministry of Foreign Affairs on 6 July 2011, with the deadline of application on 12 August 2011. (The GI is attached as Annex 2)

The implementing agencies received the application from Ministry of Foreign Affairs on 26 July 2011 and selected participants based on the condition that the nominees should be officially proposed by their governments. Details of number of applicants and selected participants are as follows and the result of selection is attached in Annex 3 as "List of Participants".

Invited Countries	Number of Applicants	Number of Selected Participants	Remarks
1. Ethiopia	3	3	Three qualified
2. Kenya	7	3	Three qualified*
3. Namibia	4	3	Three qualified
6. Uganda	3	3	Three qualified

^{*} Three qualified, but only two participated

For the course implementation, NAM CSSTC assigned Mr. Widya Wicaksana as a course manager (Training Coordinator) to be in charge of overall course management and monitor progress of the course. The manager was in charge of screening proper lecturers suitable to the course, preparing appropriate textbook/reference books and training materials, ensuring the day-to-day implementation, observing performance of each lecturer, and supervising all administrative tasks. The List of Lecturers, List of Training Modules, and List of Major Equipments are attached as Annex 4, 5, and 6 respectively.

2.3 Course Evaluation

2.3.1 Evaluation Design

This course used two level of evaluation; 1) evaluating participant satisfaction (Course Evaluation by Participants), and 2) evaluating learning of participants (Evaluation of Participants by NAM CSSTC).

2.3.2 Evaluation Method

The Course Evaluation by Participants is divided into two steps. The first is the topic evaluation, conducted at the end of every subject delivered, and the second is the overall evaluation, conducted at the last day of the course. Both evaluations utilized the evaluation formats-Questionnaires designed by JICA (Annex 7, and 8 respectively).

The Evaluation of Participants (evaluation by the implementing agency) is also conducted by utilizing participant's expectations form developed by NAM CSSTC to identify participants' expectations before the sessions started (10 October 2011) and were evaluated together with the participants at the end of the course (21 October 2011). List of Expectations and Assessment is described in Annex 11.

2.3.3 Evaluation Results

A. Course Evaluation by Participants

1) Topic Evaluation

1.1) Evaluation Result

		tive ss		Effic	iency		
TOPIC	Level of Understanding	Level of Application	Usefulness of Documents	Appropriatene ss of Lecturer	Appropriatene ss of Time Allocation	Appropriatene ss of training facility	SCORE
OUTPUT 1 "ON BASIC KNOWLEDGE"							
Financial Inclusion through the Promotion of Microfinance	4.7	4.5	4.9	4.9	3.7	4.5	4.55
Overview of Indonesian Micro and Small Enterprises for Industries Development	4.4	3.9	4.5	4.4	4.5	4.6	4.36
3. Overview of Financial Framework for Supporting Micro and Small Scale Enterprises	4 -	4.1	4.2	4.4		4.6	
in Indonesia 4. Introduction to Microfinance Development in Indonesia	4.5 3.6	3.8	4.0	3.9	4.5 4.5	4.6	4.41
5. Government Support for Microfinance Development	4.5	4.2	4.3	4.3	4.7	4.6	4.42
6. Regulatory Framework of Microfinance Institution in Indonesia	4.3	4.1	4.3	4.4	4.5	4.3	4.29

7. Type of Microfinance Institutions in Indonesia	4.2	4.2	4.3	4.3	3.5	4.2	4.11
8. Basic Operation of Savings and Credit							
Cooperative	4.3	4.1	4.3	4.1	3.9	4.3	4.15
9. Basic Operation of Rural Bank	4.2	4.1	3.9	4.2	3.7	4.3	4.06
10.Introduction to Sharia Product of							
Microfinance	4.5	4.1	4.3	4.2	4.4	4.5	4.32
11.Supervision of Microfinance Institution	4.6	4.4	4.5	4.5	4.5	4.5	4.50
12.MFI Network and Strategic Alliances	4.5	4.5	4.5	4.5	4.7	4.5	4.55

TOPIC		ctive ess	Efficiency				
	Level of Understanding	Level of Application	Usefulness of Documents	Appropriatene ss of Lecturer	Appropriatene ss of Time Allocation	Appropriatene ss of training facility	SCORE
OUTPUT 2 ON "OPERATIONAL ASPECTS"							
Case of Kospin Jasa Cooperative							
(Conventional Financing) and the Members	4.5	3.7	3.6	4.1	4.9	n.a.	4.16
2. Case of BPRS Al Ma'soem (Sharia Financing)							
and the Clients	4.6	4.3	4.2	4.3	4.6	n.a.	4.40

1.2) Analysis Result

With regard to Output 1 on the 'Basic Knowledge' of the microfinance development, the highest score is the subject of 'Financial Inclusion through the Promotion of Microfinance' and 'MFI Network and Strategic Alliances' which scores are 4.55. The lowest score of 4.06 is 'Basic Operation of Rural Bank'.

In general, level of understanding, application, usefulness of documents, appropriateness of lecturer, time allocation and training facility are ranging from 4.13 to 4.48 of the maximum Scale of 5.0. It means that the result is Good as it is upper mean score.

With regard to Output 2 on the 'Operational Aspect' of the microfinance development, the highest score is the subject of 'Case of BPRS Al Ma'soem (Sharia Financing) and the Clients' which scores are 4.40. The lower score of 4.16 is 'Case of Kospin Jasa Cooperative (Conventional Financing) and the Members'.

In general, level of understanding, application, usefulness of documents, appropriateness of lecturer, time allocation and training facility are ranging from 4.16 to 4.40 of the maximum Scale of 5.0. It means that the result is Good as it is upper mean score.

2) Overall Evaluation

2.1) Evaluation Result

Relevance

Item	Score
1) Relevance to the priority and concerns of target countries' policy.	4.5
2) Relevance of the course and target countries' needs	4.5

Effectiveness

Item	Score
1) Achievement of Output 1	4.5
2) Achievement of Output 2	4.6
3) Level of applicability of the course contents	4.5

Efficiency

Item	Score
1) Appropriateness of the course content (Coverage of	4.3
curriculum)	
2) Appropriateness of the study visit	4.6
3) Duration of the course	4.6
4) Training Materials	4.6
5) Training Facility	4.6

2.2) Result Analysis

With regard to the relevance, effectiveness and efficiency, the Score is ranging from 4.3 to 4.6 of the maximum Scale of 5.0. It means that those three aspects are Good as they are upper mean score.

B. Evaluating Learning of Participants (Evaluation of Participants by NAM CSSTC)

In addition to the course evaluation by participants comprising of topic evaluation and overall evaluation, NAM CSSTC also prepared an intended participant's expectations form by asking participants' original expectations. The form was distributed to all participants to fill out before the training session started.

The participants' expectations were carefully kept until the end of the training session. NAM CSSTC was prepared to assume that the expectations would be basically in line with the training subjects prepared.

Methodologically this is also part of the learning process for both side (trainers and participants) to achieve optimum results of the Course. NAM CSSTC disclosured the written expectations for further discussion at the ending session. The result shows that the training substance satisfactorily met the expectations. Based on the expectations check,

their expectations are 94.4% met. It means that the participants satisfied with the substance of the course. Following is the scale for expectations check: Satisfied (81-100% of expectations met); Good (51-80% of expectations met); Sufficient (26-50% of expectations met); and Failed (0-25% of expectations met).

C. Participant's Performance (Final Remarks of Participant's Understanding on the Two Different Schemes of Microfinancing)

At the end of the course, participants were requested to write down on the following questions:

- 1. Please describe the basic difference between the conventional and sharia schemes
- 2. Please illustrate your answers with examples
- 3. What lessons learned you got from the field study?
- 4. What's your suggestions for the two MFIs (BPRS Al Ma'soem and Kospin Jasa Cooperative) you visited?
- 5. Do you have any plan to transfer your knowledge (class and field) to your colleagues/country?
 If No, why? If yes, how?

Bsed on the participants paper works, they show that the substances delivered and discussed during the class and field sessions have been well understood.

Some of them proposed a concrete follow-up plan concerning the urgency and importance of sharing the course subjects, either at the policy or implementation levels.

3. RECOMMENDATIONS FOR THE UPCOMING COURSE / DRAFT OF THE FISCAL YEAR 2012 COURSE CONTENTS, IF ANY PLAN

3.1. Recommendations

The upcoming course needs to be improved as follows:

i. Basic subjects for sharing

Basically training subjects shall cover basic knowledge on microfinance development and its practical aspects. The subjects to be delivered and shared in the future TCTP need to be emphasized on the knowledge and experiences which are directly related with the management of microfinance institution (MFI). It also needs to anticipate any overlaping issues, as mentioned by Mr Kazuto Tsuji (JICA expert), like the issue on 'the regulatory framework for MFI'.

ii. Trainers

Prior to the course implementation, all trainers be facilitated to have a meeting to consolidate and fit their respective presentation materials. Or at least training materials prepared by trainers to be distributed to other trainers in order to make them all aware of substances to be shared in class.

As suggested by Mr Kazuto Tsuji the trainers should participate in the presentation of (African) country papers. At least, all country papers to be distributed to all trainers in advance. The trainers should be aware of the African microfinance development as the important references.

iii. More time for field study to advance technical practices

Field study should include short internship activities at two different financing schemes of conventional and sharia for microfinance. BPRS Al Ma'soem and Kospin Jasa Cooperative (Bandung) are the successfully proven prototypes of MFIs. Main substances to be delivered and exercised during the proposed internship should cover 4 (four) issues of the most relevant aspects, namely: (a) institutional (MFI) development; (b) business process and its development; (c) human resources development; (d) products development; and (e) business development to get optimum profitability level through financing SMEs.

iv. More observations on clients' small business

Field observations at the MFI clients' centre of activities should cover background, development process and its future prospect. Background paper should be properly prepared beforehand.

3.2. Proposed Course Contents, including Budget

The proposed course content for the Japanese fiscal year 2012, if any plan, is recommended as follows.

	ITEM	REMARKS
1. Duration	Three weeks	Four effective days for class session, ten
		effective days for field session.
2. Invited Countries	4	The same countries participating in the previous TCTPs.
3. Number of participants	12 - 16	Preferably women.
4. Qualification	Policy makers and practitioners of microfinance industry	Maximum age 50, fluent in English.

5. Curriculum	Theory and practices (subjects should be reformatted as suggested by the JICA expert)	More paper works and sharing at the field session
6. Trainers (number, field)	Four trainers for the class session and 6 trainers for the field session (tentative)	Trainers from various institutions competent on the subjects concerned. Trainers include local practitioners.
7. Budget		Need to be increased since we need to recruit more competent trainers
8. Others	- One Training Coordinator	- Training Coordinator should be qualified.

ANNEX 1

THE CURRICULUM

THIRD COUNTRY TRAINING PROGRAMME ON MICROFINANCE FOR AFRICAN REGION: "MANAGING MICRO FINANCE INSTITUTION"

(Jakarta and Bandung, 10 – 21 October 2011)

TENTATIVE PROGRAMME

Date	Time	Training Subject	Speaker/Facilitator
Day 1	09.00 - 09.30	Opening Session	- NAM CSSTC
Mon,			- JICA
10 Oct			- State Secretariat
<u>CLASS</u>	09.30 - 10.00	- Coffee break	-
		- Briefing on the Programme and Logistics	Achmad Rofi'ie and
		- Check Participant's Expectations	Widya Wicaksana
	10.00 - 11.00	Approach and Support to Microfinance	Kazuto Tsuji
	11.00 - 12.00	Open Discussion	/Widya Wicaksana
	12.00 - 13.00	Lunch	-
	13.00 - 15.30	Presentation of the Country Papers	Widya Wicaksana
	15.30 – 15.45	Coffee break	-
	15.45 – 17.00	Identification of Key Issues of the Country Papers	Widya Wicaksana
Day 2	09.00 - 10.30	Overview of Indonesian Micro and Small	Tulus Tambunan
Tue,		Enterprises for Industries Development	
11 Oct	10.30 - 10.45	Coffee break	-

GENERAL INFORMATION

THE THIRD COUNTRY TRAINING PROGRAMME ON MICRO FINANCE FOR AFRICAN REGION: MANAGING MICRO FINANCE INSTITUTION

held in cooperation of:

The Government of the Republic of Indonesia,
The Government of Japan through Japan International Cooperation Agency
(JICA)

and

The Non-Aligned Movement Centre for South-South Technical Cooperation (NAM CSSTC)

Jakarta and Bandung, Indonesia, 10 - 21 October 2011

1. FOREWORD

The Third Country Training Programme on Micro Finance for African Region shall be held in Non-Aligned Movement Centre for South-South Technical Cooperation (NAM CSSTC) office, Jakarta, Indonesia, on October 10-21, 2011. Microfinance practitioners from African region, particularly from Ethiopia, Kenya, Namibia, South Africa, Uganda, are invited to submit their application to participate in the Training Programme.

It has been widely recognized that a properly designed and implemented micro credit schemes is central to alleviate poverty by providing support for lower-income group to increase their income. NAM CSSTC has been actively involved in the effort to promote the development and mobilization of micro credit schemes in the NAM member countries.

As a follow up to the recommendations of the Expert Group Meeting on "Identification of Major Issues in Eradicating Poverty and Fostering Rapid and Equitable Development in NAM Member Countries", convened by NAM CSSTC in April 2001, a group of eminent policy makers and practitioners from NAM member countries were invited to a workshop held in Jakarta, in June 2002. They have deliberated on the relevant aspects concerning key issues, technical and policy aspects, and came up with a set of recommendations to enhance the sustainability of micro finance institution including people's involvement in micro financing scheme.

The Workshop recommended that NAM CSSTC to take initiative to

increase cooperation in the fields of comparative studies, training programme in micro credit services and technical assistance. NAM member countries should promote transparency in micro credit services by setting up standard performance, establishing rating agencies and promoting internal control. The Workshop also identified specific actions and recommendations that could be taken by NAM CSSTC to promote and mobilize micro finance practices in NAM member countries to achieve sustainability in the programme.

Based on the recommendations of the workshop, NAM CSSTC started to hold a series of regional trainings on micro credit schemes. Three training programmes have been successfully conducted. The first one was held in Jakarta, Indonesia in August 2002 for East Asia and the Pacific region, the second one was held in Pretoria, South Africa in October 2002 for Southern Africa Region, and the third one was held in Dhaka, Bangladesh for South and Central Asia Region in March 2003.

Following the three training programmes, NAM CSSTC in cooperation with the Islamic Development Bank (IDB) conducted an Expert Meeting to Formulate Basic Guideline on Microfinance, in Jakarta, in March 2004. The meeting was attended by competent experts from Bangladesh, Brunei Darussalam, Egypt, Indonesia, Iran, Pakistan, Peru, Singapore, South Africa, and Zimbabwe.

In order to be consistent, NAM CSSTC recently conducted Training on Microfinance: Establishing and Managing Micro Finance Institution for

Cambodia, Laos, Myanmar, Vietnam, Papua New Guinea, and Timor Leste (11-22 June 2007) in Jakarta and Bandung.

NAM CSSTC has signed Cooperation Agreement with Japan International Cooperation Agency (JICA) in August 2007 concerning training programme on micro finance for African region, to be implemented for five consecutive years (2007-2011). The Cooperation Agreement is basically an extension of the previous similar Agreement which has been successfully fulfilled and satisfactorily achieved the objectives conducted for 3 years (2004-2006). The first batch (2004-2006) focused on the operations of microfinance, while the second batch (2007-2011) is focusing on the institutional set-up for microfinance development. The first year of the second batch programme was conducted on 5 - 20 November 2007 in Jakarta and Bandung participated by 11 participants from African Countries. The second year of the second batch programme was conducted on October 27 - November 11, 2008 in Jakarta and Yogyakarta participated by 10 participants from African Countries. The third year of the second batch programme was conducted on July 27 - August 11, 2009 in Jakarta and Yogyakarta participated by 12 participants from African Countries. The fourth year of the second batch programme was conducted on 1 - 12 November 2010 in Jakarta and Bandung, participated by 10 participants from African Countries.

This training programme is conducted in line with the commitment of the Government of Indonesia to support the United Nations "International Year of Microfinance 2005", and the "New Asia Africa Strategic Partnership" (NAASP)

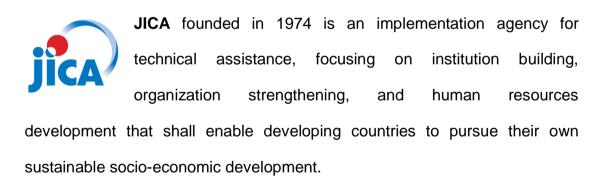

as an important document resulting from the Asia Africa Summit held in Bandung 2005.

The organizing Committee shall only accept qualified candidates to participate in the programme. Further details on the requirements and selection process can be found in this booklet.

Jakarta, October, 2011

2. INTRODUCTION

NAM CSSTC was established in 1995 at the initiative of the Government of Indonesia and the Government of Brunei Darussalam at the eleventh Summit of NAM held in Cartagena, Colombia, as a vital and effective means for promoting and accelerating development in the developing countries. Its objective is to enhance collective self-reliance of developing countries in attaining sustained people-centered economic and social development as well as to enable developing countries to become equal partners in international relations. NAM CSSTC is a centre for action and pooling resources, a forum for dialogue among developing countries. Its programmes carry direct and long-term

benefit to render the economy of developing countries to be more broad-based,

efficient and resilient to participate in the globalization process.

JICA's work is broad in scope and reflects international concerns and changing needs in developing countries. To traditional sectors such as agriculture and social infrastructure, JICA has recently added assistance to combat infectious diseases such as HIV/AIDS and Avian Influenza, support to encourage free

market economic or set up legal systems, and support for the peace-building and reconstruction efforts.

3. TITLE

The course is entitled: The Third Country Training Programme on Micro Finance for African Region: "Managing Micro Finance Institution".

4. PURPOSE

The purpose of the Course is to provide the participants from African countries with opportunity to improve their knowledge and techniques in the field of micro finance, especially in establishing and managing micro finance institution (MFI). The Course shall also provides participants with opportunity to exchange ideas, information and experiences among themselves.

5. OBJECTIVES

At the end of the Course, the participants are expected to have improved and upgraded the relevant techniques and knowledge of:

- applying different techniques to establish micro finance institution to support micro enterprises/community and household industries activities;
- applying appropriate method in monitoring and managing microfinance institution (MFI) operations for micro industries under community based local economic activities in the context of poverty reduction program;
- enhancing the capabilities to develop house hold/local community economic activities and small micro enterprise business plan and learn the experience among country's operation.

6. ORGANIZATION OF THE COURSE

The course is sponsored by the Government of the Republic of Indonesia under the framework of Technical Cooperation among Developing Countries (TCDC, now it is named as South-South Cooperation) programme in cooperation with the Government of Japan through Japan International Cooperation Agency (JICA), under the Third Country Training Programme (TCTP). The Government of the Republic of Indonesia designates the Non-Aligned Movement Centre for South-South Technical Cooperation for the implementation of the course.

7. DURATION

The course shall be held in Jakarta and Bandung from 10 to 21 October 2011.

8. BASIC CURRICULUM

The basic curriculum of the course is shown in Annex A.

9. LANGUAGE

The course shall be conducted in English.

10. NUMBER OF PARTICIPANTS

The course shall be attended by 12 (twelve) participants from 4 African countries: Ethiopia, Kenya, Namibia and Uganda.

11. QUALIFICATION FOR APPLICANTS

Applicants for the Course are:

- to be nominated by their respective Governments in accordance with the procedure stipulated in item 11 on "Application Procedures"
- 2. to be presently engaged or expected to be engaged in the future in the

field of micro finance or presently supervising micro finance industry or

small scale/ household economic activities and other community

based cooperatives.;

3. to have practical experience at least 1 (one) year in the field of micro

finance or actively involved in community based development

program;

4. to have basic knowledge in financial/cooperative system analysis and

micro credit delivery;

5. to be under forty five (45) years of age;

6. to have good command of spoken and written in English;

7. to be in good health, both physically and mentally, in order to complete

the Course;

8. Due to the tight schedule of the training program, pregnancy is

regarded as disqualification.

12. APPLICATION PROCEDURES

1. Government's nomination should be submitted through diplomatic

channel (Indonesian Embassy) enclosing two copies of completed

Application Form not later than 12 August 2011. In case there is no

Indonesian Embassy, the application can be forwarded directly to the:

Non-Aligned Movement Centre for South-South Technical a.

Nomination from Kenya and Uganda could be also facilitated by the

African Institute for Capacity Development (AICAD). AICAD is an

autonomous regional institution established during the second Tokyo

International Conference for African Development (TICAD II). AICAD is

located within the Jomo Kenyatta University of Agriculture and

Technology (JKUAT) in Kenya. Address: P.O. Box 46179, Nairobi GPO.

00100, Kenya. Tel. (254-0151) 52221/2, 52059. Fax. (254-0151)-

52360.

One copy of the application form should also be sent to JICA office in

the respective countries not later than 12 August 2011.

The Government of Indonesia/NAM CSSTC shall inform the applying

government on the acceptance result at the latest by 9 September

2011.

13. SUBMISSION OF THE COUNTRY REPORT

For the purpose of facilitating the discussion in the course, each selected

participant is required to prepare a Country Report (see Annex B) on

microfinance development. The country report should be submitted to the

Organizing Committee either through Fax.: +62-21-654-5325 or (preferably) by email to office@csstc.org prior to departure.

14. QUESTIONNAIRE

Applicant should complete the questionnaire (see Annex C) for selection process. Please answer all questions in A4 size papers, and make 2 (two) copies and attach them to the application form. All application not accompanied by completed questionnaire shall not be eligible for consideration.

15. VENUE AND FACILITIES

- The training shall be conducted at NAM Centre Building, located at Jalan Landasan Barat Kav. B-10 No. 6, Jakarta 10610 for the class session, and in Bandung for field practices.
- 2. Each participant shall be provided with
 - 1. Board and lodging.
 - 2. Airport transfer for arrival and departure from and to hotel.

16. FINANCIAL AND ADMINISTRATIVE ARRANGEMENTS

- Expenses to be borne by the Government of the Republic of Indonesia include:
 - 1.1 Cost of training facilities.
 - 1.2 Administrative and organization costs.
 - 1.3 Cost of printing, translation, and consumptive material supplies.
- 2. Expenses to be borne by the Government of Japan through JICA:
 - 2.1 Non-endorsable Economy Class Ticket from an International Airport in the participant's home country which is designated by

JICA to Soekarno-Hatta International Airport Jakarta. Participant shall be issued Pre-paid Ticket Advice (PTA) by a travel agency authorized by JICA. Notices on where and how to claim the PTA shall be sent to participant on the contact address provided in their applications. Travel arrangements for return flights shall be made by a travel agent designated by JICA. The travel agent shall confirm participant's return flight schedules prior to their departure. The participants are not permitted to change the original return flight schedule.

- 2.2 Living allowance based on the standard living cost in Indonesia, and field study.
- 2.3 Honoraria and expenses for internal and external lecturers.
- 2.4 Accommodation costs
- 2.5 Stop-over Allowance: Those participants who need to stop-over (duration of stay over 12 hours) as a result of the flight schedule can claim a Stop-Over Allowance after submitting Receipt of Accommodation to the Organizing Committee. This allowance, however, shall not be paid by the Committee if accommodation was provided by an airline company. The amount to be paid is US\$ 90 per night maximum including daily allowance.
- 3. Expenses to be borne by the Participating Countries:
 - 3.1 All incidental expenses in the home country, including expenditure of passport, medical examination and others, such as items as well as travel to and from the international and domestic airport of departure in the home country.

- 3.2 Taxes levied during the trip (such as airport taxes, departure taxes, transit airport taxes, etc)
- 3.3 Excess baggage cost
- 3.4 Salary and benefits for the participant during the training programme.
- 4. The Government of the Republic of Indonesia and the Government of Japan shall not be responsible for the followings:
 - 4.1 Lost and damage to personal property of participants while attending the programme.
 - 4.2 Purchase of personal belonging and compensation of personal damage caused by climatic or other conditions.
 - 4.3 Any expenses/cost incurred in their home countries.
 - 4.4 Expenses of sending or bringing the course materials to or from the home country of participants.

17. CERTIFICATE

Participants who have successfully completed the course and submitted country report shall be awarded a Certificate.

18. ENTRY FORMALITIES FOR IMMIGRATION

Participants are required to obtain visa to cover the duration of the course. After receiving notification for their acceptance, participants should apply for visa through the Indonesian Embassy in their respective countries. For those participants coming from countries where there is no Indonesian Embassy the visa shall be issued on their arrival at Sukarno-Hatta International Airport Jakarta. In such instance, participants should carry and submit a copy of their

acceptance letter, in which it confirms that visa shall be provided upon arrival.

Please be reminded that without such documentation, the airlines may not allow the participants to board the plane.

19. CLOTHING

Dress is normally casual in Indonesia and light clothing is advisable for the hot and humid climate. A jacket and a tie are required only for formal occasions or when making official calls. National dress of visitors from abroad is naturally suitable. For the purpose of traveling to mountain areas, a light sweater or jacket is recommended. Batik shirts are popular for the informal parties and social events.

During in class and field sessions, the participants suggested using of the proper dress and are strictly not allowed to wear short, T-shirt and sandal.

20. HEALTH

- An internationally valid certificate for smallpox, cholera and yellow fever is required only for a traveler coming from infected areas.
- 2. Medical insurance is provided for each participant and shall be arranged for the whole duration of the course by JICA Indonesia Office. It shall cover expenses related to illness or injury. Expenses for the followings, however, shall not be covered by Medical Insurance:
 - medical treatment of pre-existing illness
 - any medical treatments related to or resulting from pregnancy and/or childbirth
 - expenses for dental bridgework, cosmetic surgery
 - brain disease, mental illness
 - immunization, or routine medical examinations and vaccinations

medical treatment for illness or injury caused by shallful misconduct

21. OTHER INFORMATION

1. The definite date of departure of each participant to Indonesia shall be

informed by NAM CSSTC based on the confirmed air ticket.

2. Upon arrival at Soekarno-Hatta International Airport Jakarta,

participants shall be met by Indonesian official.

3. Participants are strongly requested not to bring any member of their

families, because of limited availability of accommodation provided.

4. For administrative purpose, participants are requested to bring 2 (two)

copies of their latest photographs (Passport size).

5. Participant may be sent back home when he or she is considered

unable to undergo the course due to any mental or physical disability.

6. Official Postal Address for participants while in Indonesia is:

Kampala UGANDA

Mailing Address: P.O.Box 12162, Kampala, Uganda

Tel: +256-41-4254326, 4340186

Fax: +256-41-4346318

APPENDIX G

1. Handy Facts About Indonesia

Indonesia is of the world's largest archipelago located in the cross roads

between Australia and Asia and between the Pacific and Indian Oceans. It is

string of over 16,000 islands that stretches 5,120 kilometers from West to East

and 1,770 kilometers from North to South along the equator. It is inhabited by

more than 230 million people, from 300 ethnic groups, and speaking more than

580 different languages and dialects, but possessing one national language

Bahasa Indonesia. The major islands of Indonesia are Sumatera, Kalimantan,

Java, Sulawesi, and Irian Java.

Jakarta, the Capital City of the Republic of Indonesia, is a special territory with

the status of province, situated on the north western coast of one of major

islands, Java.

2. About Bandung

Bandung, the Capital of Province of West Java, located in Java Island.

Bandung was the city of the Fist Afro-Asian Conference in 1955, a milestone

Report on TCTP in Microfinance for African Region: "Establishing and Managing Microfinance Institution"

57

International Conference attended by national leaders and high-ranking

officials from Asian and African Countries. A picturesque city with coal

mountain climate, Bandung is situated on a plateau 768 meters above sea

level. Ringed by active volcanoes and spectacular country site, it is not

surprising that Bandung has long been a popular holiday resort for visitors from

all over the world.

Bandung has long been one of the Indonesia's the biggest and most

important centres of production of export quality garments, designer clothes

and accessories, leather shoes and bags, and even industrial footwear and

overalls. One of the busiest and most well known streets in Bandung, Jalan

Cihampelas is locally referred to as the street of 1001 Jeans.

Indonesia's playground in the 1930's, Bandung has fascinating architectural

heritage, several buildings are admired worldwide from their elegance and

uniqueness. Being as this is Center of Sundanese Culture, it can be no

surprise that cultural treats abound in Bandung. Angklung is a set of melodie

bamboo musical instruments indigenous the Indonesia and the city's famous

Udjo Ngalegena Saung Angklung Arts Centre Stages regular angklung music

performances accompanied by singing of young children.

3. Useful Indonesian Phrases

a. Greetings

Good morning : Selamat pagi (used in the morning till about 10.00

am)

Good afternoon : Selamat signg (used from 10.00 to 3.00 pm)

Good evening : Selamat malam (used from 3.00 pm till dusk)

Good night : Selamat malam (used for both on meeting and

departure at night)

Welcome : Selamat datang
Thank you : Terima kasih
How much/ how : Berapa banyak?

many?

How are you? : Apa kabar?

I'm sorry : Maaf

See you, so long : Sampai jumpa

b. Shopping

How much is it? : Berapa harganya?
What size? : Berapa ukurannya?
Too big/small : Terlalu besar/kecil

Too expensive : Terlalu mahal

Cheap : Murah It is good : Ini bagus

			1	I	I			
I	ON THE GENERAL KNOWLEDGE RELATED WITH	MIC	ROF	INAI	NCE			
	DEVELOPMENT							
1	The very reason why MF is introduced to this world and its							
	impact on poverty reductions so as to ascertain inclusive				v			
	economic development. (Sintayehu Desalegn Ossa, Ethiopia).							
2	How to solve MF problems; How MF effective run its work;							
	How saving Mobilization run. (Jarsa Jabulo Ujite, Ethiopia)		V					
3	With regard to general knowledge MFD, I would expect a							
	briefing on the philosophy and concepts of MF. (Frehiwot	v						
	Tefera Atalay, Ethiopia)							
4	I wish to understand how Establishment, Regulation, Financing							
	Models and Risk Management are done in other Countries.		v					
	(Zack M. Mukewa, Kenya)							
5	To gain an understanding of the techniques used to develop MF							
	in Indonesia and also in the countries of the other participants.		v					
	(Benard Muciri Njiru, Kenya)							
6	How to mobilize funds to sustain MF projects in rural areas.							
	(Lorna Peyavali Mbwale, Namibia).		V					
7	Share different ideas from the participants from different							
	countries; Gain knowledge and experience on MF and its	v						
	applications. (Nangula Elizabeth Foibe Angula, Namibia).							
8	I will greatly appreciate if I can gain more information with							
	regards to MFD general and in specific in Indonesia,							
	achievement and challenges they have experience. (Augustinus	V						
	Ucham, Namibia)							
9	To be equipped with more skills in MF that can also be applied	v						

		ı		ı	ı		
	to Uganda in improve in performance; To share the role of						
	managing savings and credit in MFIs. (Sylivia Katusiime,						
	Uganda)						
10	To learn more about the skills involved in managing MFI. (Alan		v				
	Mugume, Uganda)		v				
11	Share experiences from different countries; Learn how MF is						
	administered in different countries. (Frank Fred Kirungi,	v					
	Uganda)						
II	ON THE OPERATIONAL MANAGEMENT OF MICRO	FIN	ANC	E IN	ISTI	rut i	ION
1	Acceptable level risk in MFI and minimum treshholds for						
	NPLS, ROE, ROAs, OE, and so on (Internationally is accepted);						
	What type & lending methodology should be followed by MFIs				v		
	to be operationally and financially self sufficient. (Sintayehu						
	Desalegn Ossa, Ethiopia).						
2	How MFI set loanable fund from Donor to sustainability; How						
	MSE problem solve & recovering the loan; Approve of		v				
	examining MFI. (Jarsa Jabulo Ujite, Ethiopia)						
3	My expectation in case of operational management is as to how						
	the current operational management is being performed both in						
	Indonesia and in other country's of the participants. Moreover I						
	would expect to conduct discussion as to what should be the	V					
	management type to be uphold. (Frehiwot Tefera Atalay,						
	Ethiopia)						
4	To understand how best practices can be developed on						
	Regulation Measures, Risk & Project Management and		v				
	Financing Models. (Zack M. Mukewa, Kenya)						
5	To learn about how MFIs are managed in Indonesia and how						
	different it is in Kenya. (Benard Muciri Njiru, Kenya)	V					
6	How best can MF programmes recoup from the loan granted.						
	(Lorna Peyavali Mbwale, Namibia).		V				
7	To better understand about the management of MFI in order to						
	be a succesful implementation of MF programme in Namibia.			v			
	(Nangula Elizabeth Foibe Angula, Namibia).						
8	How best MFI operates for better benefits to its purpose,						
	communities to improve economic growth in Namibia and						
	social economic development of its people; Need to learn		v				
	practical implementation of MF programme. (Augustinus						
	Ucham, Namibia)						
9	To share experience in MFIs ranging from small MF to bigger	v					
	1 00	<u> </u>		<u> </u>	l		

To learn which structures are suitable for effective management within MFIs. (Alan Mugume, Uganda) Learn about how MF is administered in different countries. (Frank Fred Kirungi, Uganda) HOW YOU RELATE THE SUBSTANCES (EITHER POLICY OR TECHNICAL ASPECTS) TO BE DELIVERED IN THE SESSION TO YOUR COUNTRY'S INTEREST To improve regulatory framework of our country, How to manage MFI to poverty reduction strategy of the country, How to attain both social and sustainability mission. (Sintaychu Desalegn Ossa, Ethiopia). How MFI governance structure organized; In what ways Credit Information Bureau (CI) problem fully started (exchange their idea). (Jarsa Jabulo Ujite, Ethiopia) J will try to deliver the substances of my country's perspective by participating in discussions and through the country papers to be presented. (Frehiwot Tefera Atalay, Ethiopia) The policy and technical aspects are important to economic growth and development. (Zack M. Mukewa, Kenya) The regulation of MFIs (deposit taking) is new in my country. Therefore the policy issues relating to the regulatory framework will go a long way in understanding practices in the countries especially where MF is more developed. (Benard Muciri Njiru, Kenya) What can Namibia learn from countries expose to MF policies that respect the theoretical policies government needs to put in place to sustain availability of resources, discipline and management. (Lorna Peyavali Mbwale, Namibia). To gain more knowledge on what type of good strategies to be put in place for MF good governance. (Nangula Elizabeth Foibe Angula, Namibia).		institutions. that can apply in my country. This will help to improve MF		that can apply in my country. This will help to improve MF		V				

	and the state of t						
	sector since there has been no policy restricting financial						
4.0	institution. (Sylivia Katusiime, Uganda)						
10	To be able to pick up on those aspects and features from other						
	countries that maybe suitable for Uganda's own policy and	V					
	regulatory framework. (Alan Mugume, Uganda)						
11	I expect to note the differences in policy and technical aspects						
	of MF in other places in order for me to suggest the inclusion of		v				
	the same in our country if they are applicable (Frank Fred						
	Kirungi, Uganda)						
IV	POSSIBLE APPLICATION OF KNOWLEDGE AND EX	PER	IEN	CES	SHA	RED	IN
	THE SESSION TO YOUR COUNTRY'S MICROFINANO	CE D	EVE	LOP	MEI	NT	
1	The above expectations will totally be applied in my country.		v				
	(Sintayehu Desalegn Ossa, Ethiopia).		v				
2	How SME organize & recover their loan properly; How MFI						
	sustain (independently) with taken Donor from third body; How		***				
	exchange information in Credit Information Bureau (CI). (Jarsa		V				
	Jabulo Ujite, Ethiopia)						
3	I would expect to acquire a knowledge of experience as to						
	different types of operational & regulatory managements of			***			
	MFI that could enhance the development of MF in an effective			V			
	manner. (Frehiwot Tefera Atalay, Ethiopia)						
4	MF Project Management; MF regulation & Risk Management						
	are all important in my area of responsibility and interest. (Zack		v				
	M. Mukewa, Kenya)						
5	Appreciate other models used in the regulation of MFIs; Learn						
	ways in which the MF industry can be promoted to enable		v				
	further growth of the sector. (Benard Muciri Njiru, Kenya)						
6	Strong political commitment to learn from other countries on						
	how government handled financial instruments and inclusions						
	by developing emerging socio-economics; How do educational	v					
	institutions affect the implementation?; Good practices in MF.						
	(Lorna Peyavali Mbwale, Namibia).						
7	Implementation of MF scheme that will benefit the rural						
	communities; How best Namibia can implement the						
	programme, especially funding control. (Nangula Elizabeth		V				
	Foibe Angula, Namibia).						
8	Proper implementation of MF; Apply knowledge gain from						
	training in Namibia and improve applications there off.	v					
	(Augustinus Ucham, Namibia)						
	·						

		1				
9	Through sharing experience SACCOS (MFI) will be encouraged					
	to do more of savings through mobilization than credit and its		v			
	institution to grow to meet our expectations. (Sylivia Katusiime,					
	Uganda)					
10	To present the final report from this training to MF stakeholders					
	back in Uganda. Stakeholders can then debate aspects of the		v			
	report so as to come up with a common vision on the way					
	forward. (Alan Mugume, Uganda)					
11	I expect to get practical illustration and real life experiences from					
	this training for easy application when i go back to Uganda.	v				
	(Frank Fred Kirungi, Uganda)					
V	OTHER EXPECTATIONS					
1	The special nature & MFIs that should considered regulating					
	and supervising them; How the poorest of poor can be included			v		
	or get access to finance. (Sintayehu Desalegn Ossa, Ethiopia).					
2	How MFI supervised & by how many times a year; About					
	getting loanable fund for beginning MF (especially); Approaches					
	of MFI; Fully information of mobile banking. (Jarsa Jabulo			V		
	Ujite, Ethiopia)					
3	I would expect that the programme will create an opportunity to					
	exhaustively discuss & share experience of different countries.	v				
	(Frehiwot Tefera Atalay, Ethiopia)					
4	Having experience from other organizations and countries					
	participating. (Zack M. Mukewa, Kenya)	V				
5	Acquire knowledge on other supervisory techniques applied in					
	Indonesia and other countries; Exchange ideas and experiences					
	with other participants; Techniques for establishing and	V				
	managing MFIs. (Benard Muciri Njiru, Kenya)					
6	Dissemination of information to relevant stakeholders;					
	Inclusion of the rural poor in the decision making processes.	v				
	(Lorna Peyavali Mbwale, Namibia).					
7	I would like to know more about the tools used to evaluate the					
	impacts after the implementation of MF; Good example should					
	I learn on how to better control MF programme in case of				v	
	funding applications. (Nangula Elizabeth Foibe Angula,					
	Namibia).					
8	I will like to learn clear directives of MF management;					
	Techniques how to manage and improve MFI; How best to		v			
	select projects that will be beneficial to our communities;

Non-Aligned Movement Centre for South-South Technical Cooperation (NAM CSSTC) was established in 1995 at the 11th Summit of NAM held in Cartagena as one of the vital and effective means for promoting and accelerating development in the developing countries. As a centre for actions and pooling resources as well as a forum for dialogue, its objective is to achieve the development goals of NAM member countries in attaining sustained people-centred development and to enable developing countries to participate more actively and equally in the process of globalization. The programmes carry direct and long-term benefit to render the economy of developing countries to be more broad-based, efficient and resilient.

Director:

Ambassador Linggawaty Hakim
Assistant Director for Programme:
Achmad Rofi'ie
Assistant Director for Administration & Finance
Subandiyo
Executive Secretary:
Christina Sudiro
